In our garden are many roses,
Some of them are white and some are
red.
Really, I am very fond of roses,
But I want them now, not when I am
dead.
Don't wait to show me your affection
When the earth is piled above my
head;
In your garden there are many roses,
But I want them now, not when I'm
dead.

INSURANCE

Twenty-five years ago we paid 75c per \$100 on a frame build-
ing with five coal stoves in different parts of the building. Today
on same site, \$2.60 per \$100 on building now of brick and metal, one
fire, and heated by steam. Then the city had a volunteer fire de-
partment and now a fire up to date paid system and yet look at the
increase.

Looking at the changes in our own business every department
is from 25 cents to 100 per cent, better and cheaper. Why is Ken-
tucky's insurance rate higher than any State in the union and 4
per cent, higher than the average for the entire United States and
territories.

THE CHEMIST'S COCKTAIL.

Modern organic chemistry has a language of its own. The following is an example from a recent article: "The dianhydride of 1,8,4,5-naphthalenetetracarboxylic acid was heated for three hours at 170 degrees C. with four times its weight of the diethyl-ester of malonic acid, together with twice its weight of zinc chloride, whereby 5,10-diketo-3,8-dihydroxyphenoxy was formed, which on distillation with zinc dust gave pyrene, recognized by its characteristic picroate, m. pt. 223 degrees C."

THE BUCKEYE'S GETTING TOGETHER.

The Reception committee for the Republican "get-together" banquet in Columbus today, Thursday includes the names of such prominent Ohio Bull Moosers as Dan R. Hanna of Cleveland, former Prosecuting Attorney H. C. Webster of Toledo, who was the Progressive candidate for Congress in the Ninth district in 1912; Frank G. Bartholomew of Springfield, who was chairman of the Clark County Progressive committee two years ago, and C. L. Knight of Akron, former State central committee man from the Nineteenth district.

CAUSES FOR DIVORCE.

According to Judge Rockford of the Superior Court of Indianapolis, if the divorce evil is to be corrected this country must have fewer automobile rides by husbands and wives with the husbands and wives of others, fewer x-ray gowns and split skirts; frivolous telephone conversation should be reduced to the minimum and young husbands should boast less frequently of their conquests among women. If these rules are followed, Judge Rockford declares, the divorce courts will not have much to do.

Judge Littlepage, in the Kanawha Circuit Court the other day, complained of the vast number of divorce cases that continually demand his attention, saying that some days he had as many as eight cases up before him, and he solicited a committee of the local bar to ascertain if he is empowered with authority to refer divorce proceedings to a Commission. He was advised that he was so empowered.

And now, we wonder how many of the eight-day in Judge Littlepage's court grew out of automobile rides, x-ray gowns and slit skirts, conversations over the telephones and boasting by young husbands of conquests among woman other than "the one woman?" Here's a chance for the expert statistician to get in his work.—Charleston Mail.

Sick Women Attention

Is it possible there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for women—and every year we publish many new testimonials, all genuine and true. Here are three never before published:

From Mrs. S. T. Richmond, Providence, R. I.

PROVIDENCE, R. I.—"For the benefit of women who suffer as I have done I wish to state that Lydia E. Pinkham's Vegetable Compound has done for me. I did some heavy lifting and the doctor said it caused a displacement. I have always been weak and I overworked after my baby was born and inflammation set in, then nervous prostration, from which I did not recover until I had taken Lydia E. Pinkham's Vegetable Compound. The Compound is my best friend and when I hear of a woman with troubles like mine I try to induce her to take your medicine."—Mrs. S. T. RICHMOND, 199 Waldo Street, Providence, R. I.

A Minister's Wife Writes:

CLOQUET, MINN.—"I have suffered very much with irregularities, pain and inflammation, but your wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has made me well and I can recommend the same to all that are troubled with these complaints."—Mrs. JENIE AKERMAN, c/o Rev. K. AKERMAN, Cloquet, Minnesota.

From Mrs. J. D. Murdoch, Quincy, Mass.

SOUTH QUINCY, MASS.—"The doctor said that I had organic trouble and I doctored me for a long time and I did not get any relief. Lydia E. Pinkham's Vegetable Compound advised I tried it and found relief before I had first bottle. I continued taking it all life and am now a strong, healthy woman living."—Mrs. JANE D. ST., South Quincy, Mass.

JUNK IS COSTLY STOCK.

The French have a saying that "It is only the first step which is difficult." He is a bold manager who faces his directors with an apparent reduction of two or three hundred dollars worth of merchandise and gives them an actual five-dollar bill instead, but all this odd stuff clutters up storerooms and costs a pretty penny trying to work in somewhere, says a writer in the American Machinist.

I know one concern which had a large contract for some agricultural work that needed about a ton of malleable-iron thumb-nuts which, through some mistake, were not tapped the right size. They were carried on the books for several years at their original cost and then the superintendent of the shop wanted to scrap them, but the manager said no. Months later he was much pleased to tell the superintendent that he could use some of these thumb-nuts. He felt proud that he had not allowed them to be scrapped, but was a little chagrined to find that in order to use them a special die had to be made, which cost about as much as new thumb-nuts and that, after all, less than 100 were required. Then he suddenly remembered that as the mistake was made by the manufacturers of the thumb-nuts, they really did not belong to the company at all, yet they had stood on the inventory as an asset.

THE DAILY NOVELETTE.

The Headless Chef.

(Translated from the Russian.)

Terror reigned in the castles,
The Czar gave harsh commands;
This way and that scurried vassals,
To fill his great demands.

The palace was in a state of bustle, turmoil and confusion.

"Double-lock all casements," roarer Czar Nicholas Brumskyovitz in pale terror.

"He rushed hither and yon, to and fro, ever and anon, aye and no, from basement to the pinnacle of the highest turret, giving frantic orders.

"Raise the drawbridge and turn on all the fire extinguishers!" he shrieked (in Russian). "Let every Vodka remember the future of his country is at stake!"

For fifteen minutes the air was full of the sound of bolts sliding, windows rattling down, shutters slamming and oaths flying.

Finally all was airtight.

"Now bring Adrev Offovitz, the chef, before me!" commanded the Czar.

It was done.

"Did I hear you say that there was a bomb outside the kitchen door?" quavered Nick.

"No, Your Highness," trembled the chef, "I said 'n bum. He wanted a slice of coffee and a cup of bread—I mean—"

Mingled with the noise of windows rattling up again, and oaths flying back and forth and around, came the sound of the chef being beheaded.—Louisville Times.

MARCUS F. KEHOE, P. M.

At Maysville, Ky., is The Way It May Soon Read—Appointment Looked For at Any Time.

Washington, February 24.—Representative W. J. Fields, of Olive Hill, Ky. sent to Postmaster-General Burleson today the recommendation that Mark Kehoe, brother of former Representative J. N. Kehoe, be appointed Postmaster at Maysville, Ky., an office that pays a salary of \$2,500.

Fields made the recommendation upon receipt of a letter informing him that the Postmaster-General had upheld his contention that the terms of Postmasters who have received at least one re-appointment should be reckoned in stretches of four years regardless of the dates on which commissions expire.

It is an important ruling on Burleson's part, and will have an effect on postoffice patronage throughout the country.

Postmaster Clarence Mathews on February 16 had served 16 years in the Maysville office, and Representative Fields contended that this service constituted four full terms. But Mathews' commission does not expire for two years yet. This is due to delays in nominations and confirmations between terms.

THIS IS CERTAIN

The Proof That Maysville Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonial. They say time has completed the test.

Mr. C. Chisholm, 317 East Second street, Maysville, Ky., says: "There was a time when my kidneys were badly disordered and I was annoyed by many symptoms of kidney complaint. Doan's Kidney Pills, procured at Wood & Son's Drug Store, removed the trouble and my good health since then is evidence of their merit. I have seen many other cases where Doan's Kidney Pills have proven their worth. My former endorsement of this remedy still holds good."

The enraptured society reporters always say that the groom led the bride to the altar. Just as though she required any leading.

The reason a woman thinks she is entitled to a \$50 set of furs is because her husband is saving \$15 on the silk petticoat she doesn't have to wear.

The reason why political parties flourish is because when a man isn't getting enough pay and is getting too much work, he can always enlist with the party that promises him relief.

**Important to All Women
Readers of This Paper**

(From the Century Magazine.) Now, what the Spanish-American beauty cannot do with her eyes is not worth mentioning. In the brief moment of passing she can say:

"Don Manuel, I love you. Beware of my senora aunt, who is watching me like a tiger. Don Manuel, you are the handsomest man I ever saw. Do you know how jealous is the fat Don Marco who is sitting with my so beloved and respected father? For the fat Don Marco I have the greatest disgust."

This army is officered by brilliant women, who will safely guard its sanity either with or without the so-called woman question settled.

So that in Philadelphia year before last and in Cincinnati in December last, the first two conferences along these lines were held.

I have been asked why the conferences were called "National Housing," and might say in passing that it is because that the word "housing" covers more, in fact, is a broader term than "tenement," because applying to any home, and the reason those interested wish to have surveillance over all habitations is that neighborhoods change and old houses not built for tenements, or even for apartments, are converted into such and often become from inconvenient divisions in hall ways, alcove rooms, or basements, dark and unsanitary dwelling places—not at first so meant to be.

If in any ordinary town or county even anyone denies that there are no tenement problems in their neighborhood it is because that neighborhood has not been investigated.

We are anxious to eliminate the word "slum" from our vocabulary, but how can we when the monster stares us in the face?

I have seen this proven too that it is not the fault of the poor dependent upon rented property always that their little houses are filthy when rotten timber are infested with vermin—and bring 16-23 per cent, and upward to their landlords and landladies, for when given a chance they do improve in their home making.

We want a law that will require rented property to be safe and sanitary.

It is a pitiable fact that just such shanties and cellar rooms often bring the property owner their biggest per cent.

Some one says, "Oh, don't sell that; because the unscrupulous might buy up the slum property and we could not fight so easily for improvements."

Conditions obtaining in Lexington, Versailles, Harrodsburg, Danville and other towns adjacent to Frankfort I know. In our own town there are yet untouched some dark rooms over stores without the light of day—unventilated, where some old invalid often is relegated—but we have notified the owners of about thirty shacks to either tear down or improve them where possible—for we are not unreasonable—and have gone through two courts to the highest in the State to enforce our ordinance.

We think that a state law however will strengthen our position for you know the strength of public sentiment in enforcing a law after getting it!

Then, as Chairman of Philanthropy of our State Federation of Women's Clubs—it behoves me to carry forward the

work of the Federation.

NEGRO'S ATTACK CAUSES RUNAWAY; GIRL IS INJURED.

(Bourbon News of Tuesday.) Suffering from numerous bruises about the body, and badly frightened from her experience, Miss Georgie Oliver, aged 16, is at the home of her grandfather, Mr. Doe Snapp, in Ruddes Mills, as a result of an attack made upon her yesterday afternoon by a negro who grabbed her horse, which she was driving, while she was enroute to her home from Millersburg. The horse ran away and throwing her out she sustained painful, though not serious injuries. The negro it is alleged jumped in front of the horse and grabbed the bit.

Frightened at the sudden attack the animal reared and plunged and succeeded in freeing himself from the grasp of the man. He then dashed down the road at break-neck speed. Miss Oliver making every effort to check his speed until a rug in the buggy becoming fastened in the wheel caused the animal to increase his speed and soon got beyond her control. The horse ran into a ditch on the side of the road, throwing the occupant of the buggy out.

The girl was rendered partly unconscious by the fall and her injuries were so painful that she could not summon assistance, and remained where she had fallen until Mr. Hughes residing on the G. S. Allen farm, found her on the side of the road. The negro escaped.

Catarrh being a constitutional disease requires constitutional treatment. Hal's Catarrh cures internally, acting directly upon the blood vessels, nerves and tissues of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars or any sum that it fails to cure. Send for literature.

Farmers

Have you ever tried our way of borrowing money to pay for a farm?

You, of course, know that most farms are sold for one-third cash and the balance of the payment is represented by lien notes due in one and two years. You also know that there are times when it is impossible to pay these notes when they become due.

Our specialty is lending money on good farms for LONG PERIODS. Wouldn't you rather have five years to pay the balance than two years?

Any one expecting to buy farms this March will do well to come in and consult us about getting the money.

We have been giving satisfactory service for 24 years.
